## The New Taste of Chocolate

by Maricel E. Presilla

Cacao importer and chocolate expert Maricel Presilla takes chocoholics to new territory—to the early plantations of Latin America, where the world's first cacaos were grown. Presilla explains that the flavor and quality of chocolate depend on the complex genetic profiles of different cacao strains and on cacao farmers carrying out careful harvesting and fermentation practices.

## Choice Confections

By Walter Richmond

Written primarily for the manufacturing retailer. The 365 formulas are given in two batch sizes, one for hand work and one for machine work. There are separate instructions for working each batch size with suggestions for coloring and flavoring methods. A glossary is included of candy and chemical terms. 544 pages.
